

SCIENCEHUB

Your Partner in Science

About Us

A family business, SCIENCEHUB was founded in 2007 and is based in Harare, Zimbabwe. Our core business is supplying Laboratory Reagents and Chemicals, Filtrationware, Glass and Plastic ware, Biotechnology, Scientific Instruments and Equipment from quality brands.

Our customer base may be broadly classified in the following sectors; Academic and Research, Pharmaceutical, Food and Beverages, Chemical and Mining and the Manufacturing industry.

Value Statements

Mission Statement

To become the market leader in providing science products.

Business Objective

We aim to be reliable, efficient and affordable source of laboratory requirements to the entire scientific community without compromising on quality.

Pledge of Conduct

Providing product knowledge and customer service through technology (internet, etc), thus allowing us to respond quicker to enquiries and orders.

Aim

Providing the latest cutting edge information and products.

Customer Service

Appreciating all business and going the extra mile to satisfy all our customers' requirements.

Our Promise

Our business will always be committed to;
Providing excellent service and quality products
Upholding honesty, integrity and ethical business practices. Offering our clients, value-for-money and total satisfaction.

Organisational Structure

Key Management Profile

Prince Gumbo

Holds a Masters in Business Administration with the Midlands State University and a B.Sc.(Hons) Degree in Science (University of Zimbabwe). He is a Certified Financial Accounting Consultant with SAP South Africa.

He has attended various Training Workshops, notably Merck South Africa. He has a strong product knowledge and a wealth of experience in Scientific Instruments, Chemicals and Equipment.

Prince also holds a Master of Science in Strategic Management for Chinhoyi University of Technology

Prince Heads the Finance and Procurement Teams. Formerly employed at the Tobacco Research Board and the Reserve Bank Of Zimbabwe.

Our Product Range

We supply chemicals of all grades (laboratory and bulk).

Our range of chemical includes:

*** Laboratory:**

Hydrochloric Acid AR, Silver Nitrate AR, Karl Fischer solution, Perchloric Acid AR, Lanthanum Chloride/Oxide, Potassium Iodide AR, Sodium Hydroxide AR, etc.

*** Bulk:**

Silica Flour, Borax, Hydrochloric Acid drums, Nitric Acid drums, Hydrogen Peroxide, Assay Flux, Assay Litharge, Ferrous Sulphate, Soda Ash, etc.

Reagents and Chemicals

GR:

Guaranteed Reagent Flagship Brand - specification < 100ppb.p.a (Pro Analysis)

AnalaR:

For analytical excellence batch to batch reproducibility saves time and money.

DunivAR:

Analytical reagent for routine analytical chemistry.

CuniLAB:

Chemically pure - This is low specification, usually supplied with brief type analysis-usually assay only. Typically used in critical non routine work.

UniTEK:

Technical grade - Low specification selected for quality. Typically used for low grade applications.

Ultrapur:

Ultra Pure Products - Hydrochloric acid, nitric acid, sulphuric acid, hydrogen peroxide and water with contamination levels guaranteed to be under 100ppt.

Suprapur:

High Purity Reagents - Mainly acids, bases and salts with specifications quoted in ppb range making them suitable for trace procedures.

Extra pure/ Pure Emprove:

Pharmacopoeia Grade and General Purpose Grade Reagents.

Majority of products tested to the requirements of BP, USP, Ph Eur, JP and FCC specifications also suitable for technical and industrial applications.

Our Product Range

Our laboratory Product range includes:

Laboratory Consumables,
i.e Glassware, Plasticware,
Filtrationware, Labware,
Porcelainware.

Glassware

Bottle Aspirators with
stopcock Burette,
Auto Schilling Burette
Bottle – Density, Media,
Weighing
Condenser Liebig
Measuring Cylinder
Desiccators
Separating funnels
Flasks - Flat bottom,
Round bottom, Conical
Funnel Dropping Test
& Centrifuge tubes
Glass Rod Soda Funnel
Separating glass
Hydrometer Microscope
Slides Clear, Coverslips
Petri Dishes Microscope
Superfrost white
Pipette Bulb & Graduated
Thermometer Mercury & Spirit
Test Tubes
Lab Bottles
Schott Duran
Watch Glass
Thermometer Max/Min,
Wet & Dry

Plasticware

Beakers Station Bottle
Eye Wash
Scoops Pipette Stands
Tubes & Microtubes
Dessicators (plain or Vacuum)
Flask Conical+ screw cap
Flask Volumetric autoclavable polypropylene
Funnel Buchner Funnels plastic
Jug& handle Measuring Cylinder
Tips & Pipettes Clinical
Sample containers
Station Eye Wash
Bottles – Aspirators,
Cylindrical, Reagent,
Storages, Wash.

Filtrationware

Extraction thimble
Filter paper – For General lab work
Filter Paper – Hardened and
Ashless Filter Paper – Qualitative
and untreated
Filter Paper Quantitative and
Ashless Filter Paper – Technical
and Creped
Blotting Membranes
Glass Fibre
Guthrie Drying racks
Membrane Filters
Specimen collection
card – Diagnostic Syringe
Filter holder
Assay Disc Bench
Protection – Benchkote
Chromatography Paper
FN100 Cytostrip Filter Card
Lens Cleaning tissue
Universal pH Paper
Weighing Paper no. 605.

Enquire For a Comprehensive List.....

Labware

Autoclave baskets,
Bungs, rubbers
Borers, Bossheads
Brushes for -burette, flask,
bottles, test tube, beaker,
Burnsen Burner Cork stand
Crucible Support
4 places Draining rackss
plastic coat steel
Funnel holder Glass syringe
High temperature burners
Racks - Pipette, Burette, test tube
Wash bottles Wire gauze
